

## LOCAL AUTHORITY HOUSING APPLICATION PROCESS

### START

Patient needs housing on **medical grounds** or current housing is **exacerbating medical problems**

Patient contacts GP for a **supporting letter** or supply **medical evidence** to support housing application

GPs **do not** need to supply any medical evidence or write any letters of support. These **do not** factor in the housing application process and **will not** help the patients application

Patient completes online housing application

Application is assessed by the housing team

Further Medical evidence needed

**Application Accepted**

Practice will complete the required evidence and send back to the Housing Team

Housing Medical Officer will contact the practice **directly**
